

### Counterframe for single door designed to incorporate wiring

The Em-B Eclipse LUCE is the only counterframe that allows both the wiring and electrical socket boxes (max 5) to be located in the wall hosting the disappearing doors. A further opportunity to both save and customise space.

HEAD SECTION AND JAMB POST COMPLETE WITH BRUSH STRIP AND SEALS

NB. The counterframe system allows you the freedom to select and provide your own door leaf. See p.16 for further details.

The below dimensions are for guidance purposes only. Manufacturers drawings will be supplied for approval.

#### COUNTERFRAME FOR SINGLE DOOR

CLEAR PASSAGE OPENING (L X H)*	OVERALL DIMENSION C X H1	A	B	FINISHED WALL
